Some of our clients' Testimonials

Lily Zhang, Founder & CEO
Lyndex Tech, Canada

WoodBows employees are dedicative and hard working. My dedicated virtual employee Mr. Mithun never missed a call from me and always finishes his job ahead of our deadline. I have been a WoodBows' client for a long-time and continue to be one. I am so pleased to give this testimonial about WoodBows.

Horatio Franco, Owner
Studio Four, Florida, USA

My virtual assistant put so much of extra work beyond his schedule. I offered to pay extra for their services and they never accepted it once. It's rare to see such people these days. Their service and quality of work are excellent and that's very valuable to us.

Deepak Agarwal, Founder
Dolmiti Solutions, India

I find myself Lucky enough to find my dedicated virtual assistant priyanka dubey as social marketer, her knowledge in digital marketing space is jaw dropping. Her capabilities of taking your message & bringing it to your audience is excellent, she grew my audience in less than a week time. She know her stuff & I loved working with her..

WoodBows

A PARTNER YOU CAN RELY ON

About Us

We are fired up about welcoming you to our WoodBows' family.

This is John, I gave my heart to Christ when I was 27 in the USA. I hold an engineering graduate degree from the University of Houston, Texas, USA.

Having come to the USA from India, I saw a huge difference between India and USA. In USA, entrepreneurs and businesses are struggling to get talents to work for them whereas, in India, some of the best talents and engineers have been looking for jobs for several years. I thought of bridging both of them together.

Having built five businesses from the ground up and being an entrepreneur myself, I can absolutely understand how it feels like to manage the time.

All of our workers are engineering graduates with excellent English fluency and reliable professionals.

Our aim is to help you as much as possible to grow your business and save time.

- John
